5. The Hirer is in control of the vehicle and is responsible to report any problems or avoid any driving obstacles they are not comfortable to cross or which may put the vehicle at risk. Additional care should be taken in remote areas where recoveries and repair are more difficult to effect. These areas carry higher risk and the hirer assumes this risk when entering these areas. The Hirer should be pro-active prior to entering these areas, do general checks on the vehicle and any noises, new rattles or possible fluid leaks investigated before heading in to remote areas.

1. Any mechanical repair or replacement related to fair wear and tear is covered by 4x4camper. Repairs of up to R1000.00 can be effected without prior authorization. Where not mobile the vehicle should be towed to the nearest workshop for diagnosis.
2. In most cases vehicles are still covered under the new vehicle manufacturers warranty and their warranty conditions will apply where mechanical failures occur. It is important to remember that 4x4camper is not the manufacturer of the vehicle or equipment but will do its utmost to select and offer the best and most recommended vehicles and equipment as well as ensure the vehicles are fully maintained and checked prior to departure.

This relates to the countries of South Africa, Botswana, Namibia, Zimbabwe, Southern Mozambique and Southern Zambia. In countries further North replacement time is within 72 hours.

6. Roadside assistance : 4x4camper offers contact numbers which are available at most times and will assist with any problem telephonically. Due to the vastness of the Southern African region and the unknown logistics we cannot provide immediate recoveries or technicians to all areas but will rely on local resources and will do our best to ensure speedy repair or recovery.
